HOW TO FEED APPLES.

Undesirable Surplus Can Be Turned Into Milk and Butter.

The cow that has her own way in eating apples or potatoes, namely, picking them up at leisure from the ground or low manger unmolested, will seldom choke. I often feed apples, especially large ones, whole and am not in great fear of accident resulting from the practice. Yet ordinarily I have the apples ground through the root-cutter, which undoubtedly is the better way. Thus the ground apples, the cut hay or straw and the grain ration can all be mixed and eaten together. If I had no root-cutter, I think I would chop the apples coarsely in a large plank box, using a sharp spade to chop them with, or arrange the manger somewhat on Mr. Woodward's plan, here

FEEDING APPLES TO COWS.

Illustrated. He says: "If a pair of posts or stakes be firmly set in the ground or made fast to the floor like a pair of stanchions, just far enough apart to admit a cow's neck, and a hole be bored just high enough so that a pin put through will prevent the animal raising her head quite level, it will be impossible for the apples to roll down into the throat and choke her. The same apparatus will prevent animals choking when eating potatoes or any other food. What makes the animal choke is raising the head so high that the pieces slip, by their own weight, into the gullet." I think that the instructions and information, as here given, should induce those among our apple-producing friends who have yet been in doubt as to the advisability of feeding apples to relieve the country of the otherwise undesirable surplus by turning it into milk, butter and meat. Now, in its great wealth, it is really a source of annoyance and loss. It can be made a source of income.—Farm and Fireside.

Ripened Cream Butter Flavor.

Ripened cream butter flavor, which, says Hoard's Dairyman, in its highest expression rules all the best wholesale markets, depends, says that paper, upon the following conditions:

(1) Milk and cream as free from all dirt, dust, taint, or vegetable flavors as possible. The place to start towards securing this desirable flavor is in the care of the cows, care of the milk and the character of the food given the cows. Here is where neatness and watchful care of stables, health of cows, ventilation, sunlight in the stable and many other things play so important a part. Right here is where so many patrons of creameries fail.

(2) The second condition lies in the length of time the cow has been in milk, together with the fact whether she is three months or more in calf. Stripper's milk is deficient in fine butter flavor. It is noticed that when the cow has passed say three or four months in gestation the finer flavoring elements of the fat are lacking. For this reason it is thought that they are drawn off through the economy of nature in the creation of the brain and nervous system of the offspring. Lacking these essential elements of flavor and nerve growth, stripper's milk is found to be unfit to feed infant children, which is not the case with farrow cow's milk. For these reasons it has been found in practice that it is well to have a few cows in the herd coming fresh every month in the year, as their milk greatly improves the flavor.

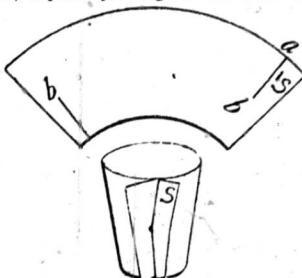

(3) The proper care of the milk as soon as drawn from the cow, care being taken to rigidly exclude it as soon

as practiced, it must be kept in pure water or air, and the cream must be equally well guarded.

(4) The final step taken is in the ripening of the cream. To produce the finest market flavor, the cream must pass through a process of lactic fermentation, as well as bacterial development, all of which acts on the casein or cheese element in the cream, and if carried to perfection leaves the right flavor in the butter fat.

How to Make Paper Flower Pots.

A serviceable and yet inexpensive device, so simple that the gardeners' children can make it, is the paper flower-pot, especially designed for seedlings.

MAKING PAPER FLOWER POTS.

On a piece of stiff paper draw two concentric circles of six and three inches radius respectively, and cut out a portion of the ring thus formed, about eight inches long and of the shape of the upper diagram in the illustration. Using this as a pattern cut as many like forms from stiff manilla paper as may be desired. On opposite margins, and about five-eighths of an inch from each end, cut radially half way across the strips, as shown by the lines a b in the diagram. Now coil the strips and slip the ends together along the cut lines and the flower-pot is complete as shown in the lower sketch. When the seedlings or cutting have been placed in these pots, they should be plunged into sand or soil until ready to be shifted to larger pots or to be transplanted. The plant may then be readily removed without disturbing the roots by simply tearing off the projecting strip s, and the paper unwrapped from the soil. These paper pots can also be used to great advantage in starting young strawberry plants.—American Agriculturist.

OSTRICH TIPS.

Wherein There is a Question of Title Involved.

A sad death occurred at Arden last week. The young deputy p.m. master, Mr. Mun, was taken off suddenly. A number of our young men attended the funeral service last Sunday.

Most of our villagers have returned after their holidays abroad.

The prospect of securing electric lights for our village is stilling quite an interest. Revs. Lewis and Campbell attend missionary service at Arden next Sabbath.

FREDERICKSBURGH.

J. E. Lake, of the government telegraph service at Fort Pitt, N.W.T., who recently returned with his wife to spend the winter, has decided not to return to his post, and will tender his resignation accordingly. He has purchased a farm from W. R. Gordanier, Morven. It consists of about seventy-nine acres, splendidly located, with fine residence and out-buildings. The consideration was \$3,000.

The work of boring the test well has been resumed since the holidays have passed. So far it has proved a very slow and tedious work and consequently expensive. The rock from the first has been such an unusually hard one, and still continues so, that progress is very slow.

ERINSVILLE.

It is our painful duty to record the death of Mr. M. S. Murphy, one of the most respectable and popular citizens of Erinsville, which occurred on Jan. 4th, after an illness of two months with kidney disease. Deceased was a man of sterling ability, generous, noble and honest, and was worthy of the high esteem he was held in by all who knew him. He was born in County C. low, Ireland, and came to this country in 1845 accompanied by his parents, brothers and sisters. Besides his wife who leaves three daughters and three sons who keenly feel their great loss. His funeral took place on Wednesday to the R. C. Church, and thence to the vault awaiting interment. It is so long before the mind can persuade itself that he whom they saw every day, and whose every existence appeared a part of their own, has departed from this world forever.

BATH.

Last week's correspondence must have miscarried though faithfully mailed, in which the visit of our genial agent Mr. A. Root was remembered with a few other reminiscences now out of date.

Mr. Hodge and son of Wilton gave an interesting performance in ventriloquism in the town hall on Friday evening last.

On Wednesday evening of last week p.m. Kennedy was at home to a number of his friends.

Rev. C. H. Shepherd, of Denbigh, is spending a few days with his brother E. P. Shepherd, main street.

Miss Julia Burley spent Saturday and Sunday last the guest of Miss Etta Loyt.

Miss Minnie Atkins, of Kingston, is visiting at home.

Miss May Collins has accepted a situation in the store of Mr. Balf.

Mr. Edmund McKenty is in Winnipeg on a business trip.

A number of our local sports are constructing ice boats, and the prospects are that our village may take a step to the front this winter in the regatta line.

We are glad to report that Mr. Howard Kennedy who has been on the sick list for the past few weeks is convalescent.

Last week's budget was unavoidably crowded out, but appears in this issue.—Ed.

NAPANEE MILLS.

The paper mill is running full time. Mr. Thompson is a thorough business man.

The Cement Co. is getting out clay while the ground is frozen.

The Meth dist Sunday School entertainment came off on New Year's eve. Proceeds between six and seven dollars. Three prizes were given, Maggie Howell, James Garrison and Fred Garrison were the lucky winners.

Miss McCall visiting in Trenton for a few days returned home last week.

Mr. Geo. Rook is visiting her daughter, Mrs. W. A. Wain, "Wesley."

Miss Algoma Reed spent Sunday at Mrs. Harvey Warren's.

Mrs. Granger, (residing with her daughter Mrs. McPherson, Napanee Road) is seriously ill. Mrs. Boyes, of Deseronto, is staying with her a few days.

Many are suffering with Grippe.

Mrs. Thos. Flynn is in poor health.

Gerty and Ada Carswell spent the holidays at Mr. Andrew Farrington's, Big

THE MAYOR'S MESSAGE.

THE INAUGURATION OF THE NEW COUNCIL.

The Mayors's Address—The Various Officers Appointed—The Standing Committees for the Year. Everything in full swing.

At 11 a.m. on Monday the members of the new council assembled at the Council Chamber and solemnly took the declaration of office. After the usual preliminaries incidental to inauguration had been adjusted the councillors ranged themselves around the horseshoe as follows and listened to Mayor Ward's excellent address; Reeve Leonard, Deputy Reeve Madole, Couns. Alexander, Boyle, Dey, Aylsworth, Lowry, Carson, Miller, Perry and Ming.

THE MAYOR'S ADDRESS.

GENTLEMEN,—We believe every member of this council is desirous of doing what is best for the prosperity of Napanee. The important question is in what direction does the prosperity of the town lie? Although we have good water power and shipping facilities by rail and water, it does not appear that we have much reason to hope to become a large manufacturing town. The corporation has done considerable in the way of encouraging manufacturing industries, with varying success; but we think any more bonuses is out of the question. If additional manufactures are established here it should be because the existing and prospective advantages are such as to make them profitable. We think our prosperity lies chiefly in three directions.

First, as a commercial centre of a magnificent agricultural country. Our merchants and stores are such as are found in very few places outside of the large cities. We have enterprising dealers in dairy and other agricultural produce and it should be our policy to favor their operations in every possible manner.

Secondly, as an educational centre, we have a large amount invested in schools, which are very justly the pride of every citizen, and we should do all we can to maintain the high standard we have reached and thereby attract people to the town as transient and permanent residents.

Thirdly, we may hope to prosper by making Napanee a desirable place to reside for those who are in no active business, and it is in this last direction that we the council can do most to aid both the merchants and educational interests. We should endeavor to make the town healthy, comfortable, beautiful and cheap, that is low in taxation etc.

As to the question of healthiness, we are favored by nature in situation and character of soil. The heavy clay upon which the town is built prevents soakage and as a consequence, wells, upon which we are yet dependent for water for drinking and culinary purposes, are good and safe. When it is desirable and practicable we can easily obtain pure water for our water works from any of the several large drift formations only a short distance away. Our most pressing need is proper sewers, and I think we should commence at once

purchased at a sale for taxes due by Wm. Burns and conducted by the town. It was referred.

J. H. Friskin, Sec. of Fire Brigade, notified the council that the lanterns in the fire hall were leaky and no use, and that a half dozen new ones should be provided. Referred.

S. C. Warner, town solicitor, notified the council that in the action Town vs S. Gibson, judgment for \$10 had been awarded. The action brought against Alex. Henry for taxes had been postponed.

A communication from the Fire Brigade recommending that H. B. Savage be appointed Chief and C. L. Shannon, assistant chief for the year 1897 was read and laid on the table.

A by-law for the appointment of a High School Trustee was next taken up. The blank was on motion filled by ballot and resulted in the election of J. L. Boyes by the following vote: J. L. Boyes 6, Dr. Bissonnette 5.

A by-law for the appointment of an assessor was next taken up, resulting in the election of A. J. Rendell on the following vote: A. Rendell 6, J. C. Huffman 5, Robert Boyes 1. The salary was fixed at \$100.

The following appointments were made by law:

Sanitary Inspector, E. B. Perry, at a salary of \$50 per annum. Member Board of Health, Geo. A. Cliffe. Town Solicitor, S. C. Warner, at a salary of \$75 per annum. Chief Fire Engineer, H. R. Savage, salary \$20. Assistant, C. L. Shannon, salary \$15.

Court of Revision: Mayor Ward, Reeve Leonard, Deputy-reeve Madole, Couns. Carson and Miller.

\$50 was ordered placed in the hands of the Poor & Sanitary Committee, Council adjourned.

PERSONALS.

Miss Louisa Farley, Kingston, spent a few days in town last week the guest of Miss Emie Vaualline.

Mrs. Leach, of Neepawa, formerly of Wilton, is visiting this week at her uncle's Chauncey Lapin, John street.

Mr. Rudd Perry left for the Mining School in Kingston, on Monday morning.

Mr. and Mrs. Dr. Vrooman, spent last Sunday in Chicago on their way to Kansas City.

Mr. E. Vanluven, Merchant of Moscow, spent Sunday with friends in Napanee.

Mr. W. A. Warner, of Trenton, was calling on friends in Napanee last Monday evening, and took in the hockey match between Trenton and Napanee.

Miss Rosa, Call, of Picton, has been engaged to teach school N 7 at Marysville, and F. Shannon, of Madoc, school N 6.

Mr. Thos. Ball returned to town on Thursday after a two weeks' visit at his home in Penetang.

The employees of M. S. Madole presented him with a handsome chair recently.

Mrs. J. W. Butterfield, of Belleville, has been visiting in town.

Mrs D. W. Lucas, of Moscow, was in town on Thursday and favored us with a call.

Mr. and Mrs. James Long have been visiting friends at Empey Hill.

Miss Jennie Ryan, of Marysville, has been engaged to teach in the separate school at Erinville.

Miss Nellie Burke, of the Royal Hotel was at home to a large number of friends on Tuesday last.

Mrs. Reuben Aylsworth, who for the last two weeks has been visiting her parents Mr. and Mrs. D. McCumber, Salem, left for her home in Travers Co. Mich.

Mr. Jas. B. Richardson was in Toronto this

days with Mrs. L. Lott of this place.

YARKER.

Rev. W. G. Clarke preached his farewell sermons on Yarker circuit. He leaves for Albert college, Belleville. He will be succeeded by Rev. Mr. Cunningham.

Dr. Freeman has left here for good. Before assuming his practice in Nanpess he will spend a month or so in Kansas. Dr. J. H. Oldham succeeds him in his practice here.

We have on the sick list William Gordon, Mrs. Morris Healey and Mrs. W. Babcock. Mrs. Thomas Rogers left for Syracuse, N. Y., to join her husband there.

Mr. Doller, mail clerk, has removed here.

Rev. Mr. Gandier, of Newburgh, preached to the A. O. U. W. at Camden East, Sunday. The workman had a large turnout. Miss Emma Martin, of Sydenham, is at G. Montgomery's.

Grand organizer Nixon was present at the installation of officers in A. O. U. W. here. Brother Peter Johnston, installed them. The officers elected for 1897 are: Nelson Walker, M. W.; William Skinner, foreman; Charles Benn, overseer; James Middleton, guide; A. C. Warner, financier; S. Winter, recorder; J. Junico, receiver; Peter Hart, I. W.; Wm. Woodhouse, O. W.; Dr. Oldman, medical examiner; A. W. Benjamin, representative; J. Ewart, P. M. W. The grand organizer gave us an able address. He will aid in organization work here.

The officers elected in C. O. C. F. are: F. Connolly, councillor; Alex Lee, vice-council; Mrs. S. Winter, past council; C. Bar on, recorder; E. Emberly, marshal; Mrs. D. Smith, warden; Mrs. A. McArthur, prelate; John Connolly, guard; Charles Curl, sentry; Frank Atkins, representative.

Mrs. Reuben Curl is recovering from her serious illness.

J. C. Connolly was elected trustee.

A PHILOSOPHIC ENTERPRISE.

A Man Who Believed in Yielding Gracefully to the Inevitable.

The hardware dealer came up to attend to a serene-looking old gentleman, who had been drawing something with a lead pencil on the wrapping paper on the counter.

"There," the customer said, holding up the results of his efforts "you see that drawing?"

"You mean that circle?"

"It's a circle as near as I could approximate it without instruments. I wish to submit that as the plans and specifications for an augur. I desire to purchase a tool that will bore a hole just that size."

"You want it for a very exact piece of work?"

"Yes, sir."

The dealer sold him the augur, and then remarked:

"If you are a builder, I'd like to show you some new goods we've got in in the way of carpenters' tools."

"It wouldn't be of the slightest use. This will be my debut as an artisan. If I weren't a humane and sympathetic person I wouldn't begin at this late day in life, but I know just what I want done, and I won't trust it to a hired man. Every night for the last three weeks I have heard gnawings around the woodwork in the sleeping-room."

"Mice?"

"It must be mice. Now, these animals have their communities and thoroughfares just the same as people have."

"You ought to set traps for them."

"It wouldn't do any good. As soon as you catch one, others will come. A certain area of available territory is in the economy of nature expected to support a certain number of mice, and there's no use in trying to depopulate it. The best thing to do is to arrange it so they will make as little disturbance as possible. I am even-tempered, but I confess that the gnawing annoys me. But it's evidently occasioned by some plans for street extension that they have decided to carry out, and there is no use in delaying the undertaking by interfering with them. So I have located the spots where they are operating and taken the measure of a hole they have already gnawed. Now I am going to take this augur and bore holes wherever they're needed, and thereby greatly facilitating their endeavors, and securing to myself several hours of much-needed sleep every night."

good talkers, ambitious and industrious, can find employment in a good cause, with \$60 per month and upwards, according to ability. Rev. T. B. Linscott, Toronto, Ont.

Hymenial.

A quiet wedding took place at the residence of Mr. A. C. Parks, Nanpess, on Thursday, when Mr. James McMurrin, a prosperous and highly respected farmer of Adolphustown, was united in wedlock to Mrs. Wm. Sharpe, of Hay Bay. The ceremony was performed by the Rev. W. W. Peck. The Express extends congratulations.

A Pretty Wedding.

A quiet and pretty wedding was solemnized at St. Patrick's church, Nanpess, on Monday morning when the Rev. Father Hogan united in the holy bonds of wedlock Miss Ruby Slaven, eldest daughter of Mr. P. Slaven, Deseronto, and Mr. M. J. Connolly, a rising young barrister, of Boston, Mass. The bride is well known in Nanpess, where she was a general favorite. We extend congratulations.

A Sudden Death.

It is our sad duty to chronicle the week the sudden and unexpected death of Mr. Michael Pringle, one of the most esteemed and highly respected residents of the township of Richmond. Up to a few days before his fatal illness Mr. Pringle was apparently in good health. He passed away at his residence in the 3rd con. of Richmond, on Monday afternoon, at 3 o'clock in full possession of all his faculties. A half an hour before his demise he sat up in bed and conversed with those around him and appeared quite strong, and didn't complain of suffering any pain. His death is attributed to inflammation of the bowels. Deceased was one of the most successful farmers in this district and was admired and respected for his probity, industry and integrity. He was of a genial and kindly disposition and had a host of warm friends who will regret his untimely taking off. Deceased was fifty two years of age. He was twice married. His first wife, Margaret Sills, bore him three children, two sons, Ryerson and Fred, on the homestead, and one daughter, Mrs. Daytus Denison, of Selby. His second wife, a Miss Lucas, of Moscow, is left to mourn.

Deceased leaves three brothers and one sister, Ezra, of Nanpess, Ira, of Collins Bay, Sydney, of Amherst Island, and Mrs. Scott, of Muskoka. His father, Mr. Orrin Pringle, 79 years of age, also survives him.

Deceased was an excellent neighbor and friend and will be greatly missed. He was a member of the Western Methodist church and a consistent christian. The funeral took place on Wednesday at the Huffman cemetery and was largely attended, testifying to the high esteem in which deceased was held by all.

Ocular Appreciation.

A clergyman and one of his elderly parishioners were walking home from church one icy day last winter, when the old gentleman slipped and fell flat on his back. The minister, looking at him a moment, and being assured that he was not hurt, said to him:

"James, sinners stand on slippery places."

The old gentleman looked up as if to assure himself of the fact, and said:

"I see they do, but I can't."—Tit-Bits.

"Jeff" Lavis as a Prisoner.

While Jefferson Davis was a prisoner at Fortress Monroe he was guarded by Second Lieutenant Upham, since Governor of Wisconsin, says the Detroit Tribune. The two were on friendly terms, as Davis was interested in Wisconsin men and matters. While a young man he had crossed that state twice from Milwaukee to Prairie du Chien, and once from Fort Howard to the same place, using only Indian trails, and becoming very familiar with the different tribes. Governor Upham says that he was much struck by his prisoner's wonderful memory. In a corner of his casemate in the fortress Davis had a pile of newspaper clippings two feet high, made up in large part of articles about himself taken from Northern journals. He was always treated with great courtesy, was never put in chains, as has been asserted, and Mrs. Davis was allowed to come and go as she would.

Deseronto vital statistics for the past year are births, 290, deaths 22, marriages 4.

constructing sewer in accordance with the plan we have had drawn up by an engineer. We are by arrangement with the Water Works Co. entitled to some revenue from such sewers, and in some parts of the town that revenue would be sufficient to pay the interest upon the town's share of cost and provide for the gradual payment of the principal.

The building of a sewer or giving aid in the way of tile to sewers which are not in accordance with the plan should be discontinued. If carefully entered into we think that considerable work could be provided for citizens who are much of the time idle. The interest of the resident laborer should be carefully considered in any such works.

We also think that all new side walks should be of a permanent character. The construction of the road ways is a difficult problem and we would advise the asking of the Ontario Commissioner, Mr. Campbell, to visit this town at an early date. This is a matter the surrounding country is equally interested in and doubtless the councils of the immediate township would join us in such invitation. We are equally interested in the roads of the country as we are in all things that help to make the farmer prosperous. The town and country are mutually dependant and what prospers one is beneficial to the other.

A person accepting the position of councillor is in duty bound to give careful consideration to the affairs of the municipality, and not feel as soon as he is elected that his troubles are over until the next election.

The practice of leaving the duties of the different committees chiefly to the chairman is pernicious. It lessens the interest of the members of the committee and places too much upon the chairman. We would suggest the making each member of a committee responsible for some of the duties. For instance the three members of the street committee could have charge of the side walks, sewers and roadways respectively.

We detect symptoms of unusual enthusiasm in this present council and as nearly every member has had extensive experience in municipal affairs, we have confidence it will be noted for good judgment and carefulness.

The thanks of the council was tendered to Mayor Ward for his excellent address, and the good advice contained therein.

Councillor Aylsworth thought it was the best address that had ever been delivered by an incumbent of the Mayor's office. It outlined the work for the year. It was pleasing and satisfactory and he was pleased to see that the council endorsed it.

Mr. Symington, who was present was called upon for a speech, but after complimenting the council on the efficient and promising Mayor they had to preside over them he retired with a graceful allusion to the council.

The Mayor thanked the council for their kindly expression.

The By-law for the appointment of auditors was next taken up. The Mayor appointed W. J. Black as his auditor and the council proceeded to ballot for the second auditor. The ballot resulted as follows: R. L. Henry 9, A. F. Holmes 1, Jno. T. Grange 1, A. E. Paul 1. R. L. Henry was declared elected, and the salary placed at \$15 each.

On motion of Couns. Miller and Alexander the following committee was appointed to strike the standing committees for the year and report at the evening session; Mayor Ward, Reeve Leonard, Couns. Aylsworth Carson and Lowry.

Council adjourned until 7 o'clock p.m.

Council met pursuant to adjournment, all the members present, Mayor Ward presiding.

After the minutes had been duly read and confirmed the committee appointed to strike the standing committees reported as follows:

Finance—Mr. S. Madole, chairman; Couns. Miller and Carson.

Streets—R. A. Leonard, chairman; Couns. Aylsworth and Lowry.

Fire, Water and Light—Jno. Lowry, chairman; Couns. Miller and Deputy Reeve Madole.

Town Property—Jehiel Aylsworth, chair; Couns. Perry and Dey.

Market—Jno. Carson, chairman; Couns. Perry and Reeve Leonard.

Printing—S. R. Miller, chairman; Couns. Ming and Perry.

Police—W. H. Boyle, chairman; Couns. Alexander and Dey.

Poor and Sanitary—A. Alexander, chairman; Couns. Ming and Boyle.

The report was adopted.

A. E. Douglas presented an account from Herrington & Wains: for \$20 for defending an action brought by Gray & Son, concerning a buggy which Mr. Douglas

was visiting him. Fred, who is quite ill.

Mrs. Edgar Foster, Belleville, is visiting friends in Nanpess.

J. S. Fralick, Moreville, gave us a call on Saturday.

A. Haslett, of Adolphustown, favored us with a call on Saturday.

Jno. Vair, Winch, favored us with a call on Saturday.

Mr. H. Bogart is visiting relatives in Belleville.

Dr. N. Bicknell and wife, Camden East, were callers on The Express on Saturday.

Jas. Dowling, Centerville, was among our callers on Saturday.

Mr. McCarty, Camden East, were in town on Saturday.

F. H. York, Ingle, gave us a call on Monday.

Matthew Shannon, of Centerville, favored us with a call on Tuesday.

Rev. Mr. White leaves for Perth this week where he will engage in evangelistic work.

Messrs Robert and John Boyes were in Kingston Sunday attending the funeral of their sister, the late Mrs. Holder.

Mrs. McNulty and children, of Detroit, and Mrs. Arthur Stapleton, of Montreal have spent the past few weeks at their father's Mr. P. Hunt, of Fredericksburg.

Walter Watts, of Odessa, succeeds A. J. Stewart as station agent at Camden East.

Miss L. Webster spent Sunday in Kingston.

Henry Blewett, of Boston, is spending a few days in town.

Mrs. McGuro and Miss Lulu O'Connor spent Wednesday in Belleville.

Mr. Jas. A. Richardson, of West Plain, who recently underwent an operation for appendicitis at Belleville hospital, left on Monday to resume his position with the Dairy Tea Company. He says he is as well as he ever was in fact never felt better.

Mr. A. J. Amey, who has been visiting friends in town and vicinity, returned to Dexter, New York, this week.

BIRTHS.

LEWIS—At the Methodist parsonage Tamworth on Jan. 24th, 1897, to Rev. and Mrs. J. G. Lewis, a son.

MARRIAGES.

McMURRIN-SHARPE—At the residence of M. A. C. Parks, Nanpess, on Wednesday, Jan. 13th, 1897, by the Rev. W. W. Peck, Mr. James McMurrin, of Adolphustown, to Mrs. Mary Jane Sharpe, of North Fredericksburg.

DEATHS.

PRINGLE—In Richmond on Monday, Jan. 11th, Michael Pringle aged 52 years, 2 months and two days.

SILLS—In Richmond on Thursday, Jan. 14th, Lucy McCabe, relict of the late Wm. R. Sills, aged 80 years and two months.

GRANGER—In Camden, on Thursday, Jan. 14th, Mrs. Artemus Granger, aged 81 years.

LAUGHLIN—At Nanpess on Wednesday Jan. 13, John Laughlin, aged 29 years.

A dance was held in the town hall last night.

Wm. Blewett was removed to Rockwood asylum this week.

Miss Annie Kellar and Alfred Seward were married at Croydon last week.

Jas. Whitman, a former resident of Newburgh died at Belgrave recently.

Close's Mills.—Grinding every day up to Saturday noon. Those wishing grists same day are requested to be in before noon while slack water lasts.

JAS. A. CLOSE.

A little girl attempted to lick the frost off an iron pillar in front of Robertson drug store, Carleton Place, with the result that her tongue became frozen to the pillar, and twenty minutes of agony were endured before it could be released.

The fire engine, which has been undergoing repairs at Mair Bros. machine shop, was placed in the fire hall on Monday and presents a handsome appearance. It was tested this week and pronounced as good as new.

The Best Way To Cure disease is to establish health. Pure, rich blood means good health. Hood's Sarsaparilla is the One True Blood Purifier. It tones up the whole system, gives appetite and strength and causes weakness, nervousness and pain to disappear. No other medicine has such a record of wonderful cures as Hood's Sarsaparilla.

Tuesday morning about 4 o'clock night-watchman Perry received a telephone message from the G. T. R. station and went up and arrested a colored man named Jno. Brown, who was drunk and creating a disturbance. The festive Brown spent a few hours in the cooler after which he was brought before magistrate Daly who gave him 24 hours to get out of town.

A small frame house off Centre street, near Dennison's grocery store was badly wrecked by fire on Sunday last. The alarm was rung about four o'clock Sunday morning and the fire brigade was quickly on the scene, but the flames had made such progress before their arrival that the building is a total wreck. The house was occupied by W. Scott, and the fire started from the stove.

Pain-Killer.
(PERRY DAVIS')
A Sure and Safe Remedy in every case
and every kind of Bowel Complaint is

Pain-Killer.

The Globe points out that "the unsatisfactory feature of the Winnipeg prosecutions is that only the tools and not the real culprits can be reached." The satisfactory feature, however, is that the old machine is badly damaged.

Mr. Harriman, the card shark, who was imported from Winnipeg to do duty as deputy returning officer in the Macdonald election in Manitoba in June last, is something of a character. He is noted as the most clever card manipulator in Western Canada and has served a term in gaol for gambling. He is now under arrest for stuffing ballot boxes and it is to be hoped cold justice will be meted out to him and all others guilty of a like offence.

MAYOR Ward's inaugural address to the town council outlines several contemplated changes and improvements which should command the attention and sober reflection of our citizens. Any reform that has for its object the safe guarding of the public health should be carefully considered. The movement to take over the Water Works and institute a general sewerage system, foreshadowed in the Mayor's address, is one that has been outbriding itself on public attention for some time past. A few months ago an agitation was started against the use the drains were being subjected to, in direct contravention of the by-law made and provided. The council took the matter up at the time and instructed the Sanitary Inspector to proceed against those parties who were using the drains for water closet purposes. Here the matter dropped, no further action being taken. There is no doubt that the present system is a grave menace to the public health and that a general sewerage system is an urgent necessity. It is a change that has got to come sooner or later and we believe the town is well prepared

CURRENCY.

A Belleville philosopher writes to the Ontario against the practice of electing educated men to the legislatures and the municipal councils. Large property holders and highly educated men, says this modern Junius, have not only been the ruin of our municipal Governments but the Dominion as well. From a cursory glance at his letter we are inclined to the opinion that if his views were accepted education would not stand as a bar to his advancement.

In the matter of providing "rest for the weary" the city of Kingston has left its rival, Belleville, miles in the rear. Sprung mattresses of the latest improved style have been provided by the council for the use of tramps who may have occasion to spend an evening in that city. We hope that such enterprise will be rewarded and that the 900 or so odd tramps who sought shelter in the station house here last year will be induced by the prospect of a night on a bang-up mattress to press on to Kingston.

Everybody has heard of a "Dutch drink," but a witness at the London election trial puzzled the learned counsel, Mr. Osler, by informing him that he had had a "Joe Smith." It appears that "Joe Smith" was an individual who contracted a habit of drinking all by his lonesome. Thus the name of "Joe Smith" will be handed down to posterity alongside of that of the immortal "John Collins."

A complication has arisen in Brantford over the fact that the modelites gave their respected teacher, Principal Wilkinson, a little present a few days ago. The Minister of Education got wind of the affair, and, as it is strictly against model school regulations, the certificates of all the modelites have been withheld pending inquiries. Miss Cora Wheeland, the only pupil who did not take part in the presentation, has received her certificate. The affair has been an annual one, the same as in many other towns, and no attention has been paid to it by the department until now.—Ex.

The black stuff found in Algoma, says an exchange, which some thought was coal, but which the scientists say is not coal but anthraxolite, has been tested in Toronto, and burns like coal and gives out heat like coal. The question now is, is their enough of it to repay the expense of getting it out. The country will not care what it is called if it warms.

A writer who evidently knows what he is talking about says: There is some discussion here and there concerning the possibility of a deadlock in the new county councils by the election of an equal number of members of opposite political parties, and the question is often asked if the election of a warden by one party or the other would give an advantage. It may be said that it would give no advantage. Under the municipal law it is provided that a Chairman or presiding officer of any Council shall have the same right to vote as any other member, and no greater. He has no double or casting vote in the event of a tie, and a question on which there is a tie, must, according to the statute, be decided in the negative.

A citizen of a Kentucky town aged 103, has taken to himself a blushing bride of 101. The ceremony was witnessed by 1,000 relatives and friends, and the couple drove off in a one horse shay 83 years old. The motto of every spinster ought to be "nil desperandum."—Belleville Ontario.

Dry Mill Wood.

No Gripe

When you take Hood's Pills. The big, old-fashioned, sugar-coated pills, which tear you all to pieces, are not in it with Hood's. Easy to take

Hood's Pills

and easy to operate, is true of Hood's Pills, which are up to date in every respect. Safe, certain and sure. All druggists. Sec. C. I. Hood & Co., Lowell, Mass. The only Pills to take with Hood's Sarsaparilla.

NEWS FROM THE COUNTRY.

CROWDED OUT LAST ISSUE.

BATH.

The great municipal struggle is over and the usual uncertainty of results are seen on the faces of many who lost their votes on Monday last, but a little reflection will restore to a normal condition when we realize that all cannot win the prize.

We were pleased to meet the genial and efficient agent, Mr. Albert Root, in the interest of our highly prized EXPRESS. We wish him signal success.

The evaporator has closed for the season after doing a hustling business.

Our efficient head teacher Mr. Morgan has been blessed with an assistant, it is a boy without portfolio.

Compliments of the season to Mr. Pollard and the staff of the EXPRESS.

Dr. Fowler's Extract of Wild Strawberry cures Diarrhoea, Dysentery, Cramps, Colic, Cholera Morbus, Cholera Infantum, and all looseness of the bowels. Never travel without it. Price 35c.

As well as ever. DEAR SIRS,—After suffering for two years from acute indigestion I tried B. B. I took only three bottles, which made me as well as ever I was. I highly recommend B. B. to all dyspeptics.

Mrs. JOHN WHITE, Andover, Mass.

CAMDEN EAST.

A happy event occurred at Mrs. McCarthy's Hotel on Dec. 30th, when her niece, Miss Minnie Jackson, was united in marriage to S. W. Hamilton, both of this place, by the Rev. T. D. Woodcock. The bride looked charming and was assisted by Miss Mary Gay while C. A. Hamilton, brother of the groom acted as best man. The bride was given away by her cousin, H. A. McCarthy. The bride received a large number of costly presents. After the ceremony the happy couple and about twenty five relatives sat down to a bountiful breakfast. The new unit went north on their honeymoon with the best wishes of everybody.

A. Howie, cheese maker, who has been visiting his parents in the west has returned. N. E. Hinch of Toronto has been home spending his holidays.

R. F. Bicknell's new store is about completed.

Visitors Miss Maud Williams Kingston at Nicholas Hinch's, S. Lemmon. Westbrook, at Mrs. McCarthy's. A. Stewart our station agent has gone to college. W. Watts, Odessa, has taken his place here. Maggie Patterson left yesterday for Dacota to reside.

The paper mill has been shut down for the last two weeks for want of water.

Not that kind. Scott's Emulsion does not debilitate the stomach as other cough medicines do; but on the contrary, it improves digestion and strengthens the stomach. Its effects are immediate and pronounced.

Dr. Fowler's Extract of Wild Strawberry cures Diarrhoea, Dysentery, Colic, Cramps, Cholera, Cholera Infantum, Cholera Morbus and all summer complaints and fluxes of the bowels in children or adults.

PRINCE EDWARD COUNTY.

Happy New Year and a prosperous one too, is your correspondent's wish for the "EXPRESS." It will most assuredly be a prosperous year under the new Liberal Administration.

Weddings are still all the rage. Rumor has it that a Napanee man has taken a certain Prince Edward lady "for better or worse" but as I do not know it to be a fact I will mention no names.

Another wedding to day (Wednesday) The contracting parties being Mr. Thomas Lumby, of Cressy, and Miss Bertha Metcalfe, Duxee's. Both are well and favorably known throughout the county and we wish every one who is within

This is a true statement and it can't be made too strong or too emphatic. It is a simple, safe and quick cure for Cramps, Cough, Rheumatism, Colic, Colds, Neuralgia, Diarrhoea, Croup, Toothache. TWO SIZES, 25c. and 50c.

VERY LARGE BOTTLES 50 CENTS.

The D. & L. Emulsion

Is invaluable if you are run down, as it is a food as well as a medicine.

The D. & L. Emulsion

Will build you up if your general health is impaired.

The D. & L. Emulsion Is the best and most palatable preparation of Cod Liver Oil, agreeing with the most delicate stomachs.

The D. & L. Emulsion Is prescribed by the leading physicians of Canada.

The D. & L. Emulsion Is a marvellous flesh producer and will give you an appetite.

50c. & \$1 per Bottle

Be sure you get the genuine DAVIS & LAWRENCE CO., LTD. MONTREAL

The Napanee Express

NAPANEE, FRIDAY, JAN. 15, 1897.

We write it 1897—some people are still using the 6.

It is thought that the Dominion Parliament will meet about the middle of March.

In the London election they used beer but in Winnipeg whole breweries were pressed into service.

CANADA has no use for the Patriotic Vigilance Committee. There is no room here for demagogues.

THE indiscriminate distribution of five-dollar-bills was a greater factor in carrying Winnipeg than Hugh John's nose.

IN the Winnipeg election two breweries and three hotels dispensed free drinks to all who declared themselves supporters of Hugh John Macdonald.

THREE card monte and thimble rigging is an honorable and gentlemanly game compared to the work of the Conservative bosses in Winnipeg and Macdonald.

THERE are at present seven vacant seats in the Dominion House of Commons. All were held at the last session by Conservatives who have been unseated for corrupt practices by agents.

WITH gamblers and card sharpers acting as deputy-returning officers, beer flowing like water, and five dollar bills for the asking, the wonder is that the Liberals of Manitoba succeeded in returning even one member.

THE old "Christmas in Canada" cuts in the British Magazines are hardly appropriate. It is hard to part with old friends, no doubt, and those famous snow pictures have been doing duty for a long time, but really they don't fit the situation and we very much fear, if they wish to be fair to this budding young country, the enterprising British publishers will have to invest in a new set of chromos.

we believe the town is as well prepared to proceed with the work this year as it will be in a few years hence. It is a result of tardiness in remedying these defects an epidemic of fever or something of that sort were to break out the people would perceive when too late, the folly of temporizing with a matter of this kind, and if the present state of affairs is allowed to continue a visitation of the character alluded to is not at all improbable. The drains and water courses of this town were never intended for use as sewers, and anyone who has given the subject any attention at all can easily see that if they are used for that purpose it must inevitably lead to trouble. The sooner a general sewerage system is introduced the better.

A day or two ago Messrs. Lou Williams and Lou Fitzone with Miss Williams of Big Island were anxious to go to Belleville. They feared that the ice on the bay would not carry a horse and rig, so they decided to skate over. The two young men skated and towed a hand on which were Miss Williams and a quite heavy load of poultry and dairy produce. They made the distance of ten miles in 36 minutes.—Picton Times.

A CHEERING TRUTH.

Thousands Prove The Statement.

That Paine's Celery Compound Makes People Feel Young Again.

A Cured Man Says : "Feel Just as Bright as a Boy."

The Right Medicine For Every Ailing Man and Woman.

All the combined powers of earth cannot stem the tide of truth that sweeps over this Canada of ours in regard to the curing and life-giving virtues of Paine's Celery Compound. Thousands of the best people back up the sensible, plain and unvarnished statements about Paine's Celery Compound published from time to time. The cured thousands send such convincing letters of testimony that the most hardened sceptics are forced to admit that they are founded on the rock of truth and honesty.

The following letter from Mr. A. R. McGruer, Dixon's Corners, Ont., assures you, though your case may be desperate and death very nigh, and though doctors fail and other medicines prove unavailing for your relief, that Paine's Celery Compound will do more for you than you can justly realize or hope for. Mr. McGruer says—

"Some time ago my condition of health was alarming and I suffered very much. I was laid up three days out of every week; and I said to my friends that it would be better, if it was the Lord's will, that I should be called away. Three of the best doctors attended me, but could not relieve me in any way. It was then I was advised to use Paine's Celery Compound, which brought relief at once. After using this great remedy I find myself a new man, and feel just as bright as a boy of eighteen years. I think it is the greatest medicine in the world, and would strongly recommend it to all who suffer."

Constipation Cured. GENTS.—I was in very poor health for over four years; the doctor said it was constipation. Not wanting to spend too much cash I got three bottles of Dr. B.B. and took it regularly. I can certify that I am now in the very best of health and feel very grateful to B.B.B.

No doubt this phenomenal success is accounted for by the wonderful value of the FAMILY HERALD and its beautiful premium picture "THE ORPHAN'S PRAYER."

A London clergyman has been condemning skating as an evil pastime. The study of theology does not always make men wise ministers.

Hood's Pills are the best after-dinner pill; assist digestion, prevent constipation. 25c.

and we with many others join in wishing them every happiness life has to give. On Monday Dec. 28th, a small party assembled at the residence of Portland Benson, in honor of the eightieth birthday of his mother Mrs. E. A. Benson. Mrs. Benson is remarkably active for a woman who has outlived the allotted years of mankind, and what is more, knows well how to enjoy the additional years granted her. During her girlhood, she taught school in Thurlow, and many of the boys and girls that attended her school have now children and grand children of their own. Mrs. Benson is the mother of Mrs. L. E. Moore, Napanee.

Madden's Enamel is the only stove pipe varnish that does not smell or smoke when applied to stove pipes, ranges, grates, etc. Ask your dealer for it. 451

One every night. One Laza-Liver Pill taken each night during 30 days will cure Constipation, oft-returning Headache and irregular action of the bowels. Laza-Liver Pills leave no unpleasant after-effect.

VIOLET.

Miss H. A. Gundry, of Goderich, took charge of our school Tuesday morning. Miss Gundry comes highly recommended.

A pleasant surprise party was held at the residence of J. Valentine on Wednesday evening. A large number were in attendance.

The Y. P. S. C. E. will give an eyster supper at the residence of M. Parrot on the 19th, inst.

Prof. Robinson returned to his duties at Queen's University on Tuesday morning.

Miss E. Wilson, Deseronto, who has been visiting friends in this vicinity for the past week returned home on Thursday.

Miss N. Shantz, Free Methodist evangelist, is quite ill at the residence of Wm. Hunter.

Mr. Nelson Sharpe had a disastrous runaway a few days ago. His horses ran away with the threshing engine, and while going down the hill by the mill the engine was upset; damaging it to the extent of about \$100.

Rev. Mr. Sims, Kingston, chairman of the district, spent Monday with W. Hunter and left for home on Tuesday morning.

Ernest Sharpe, while out hunting last week, had the misfortune to have his face badly burned by the explosion of some powder, which will confine him to the house for some time.

The Free Methodists talk of holding a revival in the near future. We hope it will conduce to a better state of feeling among the people.

It is Needless to State.

"Johnny, if you eat all six of those apples you won't have any appetite for your dinner."

It is needless to state that it was Johnny's bachelor uncle who made the remark. No man with experience in grocery bills would have made such an error.—Indianapolis Journal.

WORK SPOILED.

Did Not Get the Best Kind.

Why labor in vain? Why do you try to dye cotton or mixed goods with common dyes that the makers prepared for all wool goods?

Well you are not altogether to blame; the dealer who sold you the dye, and who told you it was good for either cotton or wool, is the one who is directly responsible for your loss and failure. He sold you worthless dyes because they gave him a large return of profit.

If you had bought the Diamond Dyes made specially for Cotton and Mixed Goods your work would have been well and truly done. These special cotton colors of the Diamond Dyes are the latest discoveries of the best chemists of the world, and are far superior to all other dyes for the coloring of cotton goods.

Fast Diamond Dyes for Cotton are quite fast to light, and if you use them your carpets and rugs will be as bright after years of wear as the most expensive carpets you can buy. For dyeing Cotton or Mixed Goods, ask for Fast Diamond Dyes for Cotton; take no others.

REGISTERING THE LAYERS.

A Method by Which the Prolific Egg Hens May Be Known.

No small part of the loss in poultry culture comes from rearing and feeding for two years or more, it may be, a lot of hens that are indifferent layers. As poultry culture, is ordinarily conducted, the owner of a flock rarely knows whether he has any really prolific layers, or any that are exceedingly poor. He has no time to watch his flock during the day, and can only see at the end of the day how many eggs have been laid by a given number of hens. In such a case the poor hens are supported by the good layers. How much more profitable would be a flock having the inferior layers all weeded out!

This weeding out must be done automatically, in most flocks, if it is to be

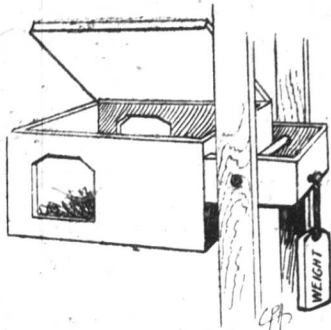

FIG. 1.—NEST.

done at all. There have been reports from time to time of devices for registering each hen as she lays; but, so far as the writer knows, no description has ever been given of the way these self-registering nests are made.

A very simple contrivance of this sort is shown in the two cuts given herewith. Fig. 1 shows the nest, which is a grocery box with an opening at either side. From one end extend two arms, at the end of which is placed a weight. The box is now to be placed between two partitions, in each of which is an opening, as shown in Fig. 2, one higher than the other. The nest is inserted between the two partitions, and pivoted on the arms, as shown in Fig. 1. When in place, the nest is held by the weight so that an opening in one side is opposite the higher opening in one of the partitions. A hen can now enter the nest through the openings in partition and nest that coincide. Her weight carries the nest down so that the opening in the opposite side is opposite the opening in the second partition, through which the

He is free from all sorrow and pain.
To remove him from our sorrow and pain.
Our loss is his infinite gain.
God has taken one more of his flock.
His name in His book was enrolled.
His feet that were found on the rock
Are placed in that city of gold.
He has gone where loved ones never die,
Just across on that ever green shore;
We shall join him again by and by
Where partings and tears are no more.
A companion and daughters are left
In sorrow and sadness of heart,
Of a husband and father bereft
Their Saviour thought best they should part.
The one that is gone we will miss,
For our interest he often has planned.
We have took from his lips our last kiss
And clasped for the last time his hand.
I think on the day we were wed
All my joy and my sorrows he shared,
But now he has left me and fled
To that mansion his Saviour prepared.
Dear Father, bound close to our hearts,
As the ivy that clings to the oak,
But Jesus thought best we should part,
The cord that once bound us is broke.
As we stood by the side of his casket
And gazed on his marble white brow,
Wish him back, no we never could ask it,
For he is far happier now.
How lonely our dwelling will be,
Now his place at the table is bare,
His picture is all we can see—
In our home now is one vacant chair.
It was hard to bid father good bye
And bury him out of our sight,
God took him, we cannot tell why,
But know what He does must be right.
We listen, but listen in vain,
For the sound of his step at the door,
We never can meet him again
Till we join him on Canada's shore.
Over there we have now one more to
To draw us from this world of care,
May we all meet again by and bye
In the home of the blessed over there.
My daughters you will not forget,
When I am laid under the sod,
Though lonely and sad, do not fret,
The orphan's protector is God.
That promise has often consoled
When friends have been brought from our door,
Saying that blood was shed to behold
Our loved ones when life's toll is o'er.
One more that was dear to my heart,
That spent with me happy long years
Has been called by the Lord to depart,
And dwell where there is no more tears.
I wish not to murmur or fret
Though great is the loss I sustain,
Though severed awhile, I shall not forget
That I shall see him again.
How lonely, and yet not alone,
For his Saviour too, is my friend,
And doth he not care for his own,
The Comforter promised to send.
The dearest friends here will soon sever
The thought often causes much pain
Friends dwelling up there dwell forever
And will not be parted again.
His work for the Master was done,
He was ready when called on to go;
A crown of bright glory he's won
And a robe that is white as the snow.
In the house of the Lord he is missed,
For when there was work to be done
When able, was there to assist,
Our hearts, by his kindness, had won.
The promise of God he could claim,
As "Thy day is, shall Thy strength be."
We oft heard him praise that dear name
Now His face he'll permitted to see.
His voice we shall hear it no more
As we sit in the house of the Lord,
He has passed on a little before
For his labour has got his reward.
Though sorely afflicted and tried
God's promise and arm did sustain,
His presence did with him abide
He seldom was heard to complain.
In ninety-six I was bereft
Of one whom I had loved so well,
Maren twenty first dear William left,
God took him home with him to dwell.
By R. ROOK.

A Declaration of Principle.
"Hiram," remarked Mrs. Cornstossel,
"I've changed my politics."
"I didn't know ye had any 'pinions'
'bout silver, one way or another!" relates
the Washington Star.
"I hev'n't got along ez fur ez that,
I ain't no free silver, nor I ain't no
gold standarder. But there's one thing
I am from this on, an' that's a woman's
suffrage."
"That ain't the way you use ter talk,
Mandy."
"I know it. But I've changed my way
of thinkin' a hull lot in the last week.
I don't say ez I kin see through all
these problems, but I ain't ez goin' ter
shirk tryin' hereafter."
"What converted ye?"
"That talk you an' Lem Harkins had
last night convinced me."
"Why, we wa'n't neither of us talkin'
'bout anythin' except the financial
question. I don't see how ye kin side
weth Lem Harkins."
"I don't side weth Lem Harkins. An'
I don't side weth you, neither. All I
say is that when I find two men settin'
up tell after midnight each talkin'
on different sides of the question, an'
neither of 'em gittin' convinced I
can't bring myself ter believe that
either one of 'em is smart enough ter
teach me how this here country order
be run. I've jes' gotter go on an' find
it our fur myself."

And worried, I get home at night—
We oft do bear a heavy yoke—
What comfort 'tis—what sweet delight—
To light my pipe and smoke—and smoke.
When politicians, eloquent,
Who hate the nation's president,
Gesticulate and rant and croak;
I waste no words in argument.
But light my pipe and smoke—and smoke.
When Stupid comes to visit me,
And is as dull as dull can be,
Successfully my yawns to clank,
That he may not my absence see,
I light my pipe and smoke—and smoke.

When icy is the outdoor air,
Then forth I draw my easy chair,
And properly the fire stoke,
Then, yielding to the comfort rare,
I light my pipe and smoke—and smoke.

When snug I'm in my ingle-nook,
No thoughts of trouble do I brook,
I watch the brightly burning coke
Or lose myself in some rare book,
And puff—and puff—and smoke—and
smoke.

A PROVIDENTIAL RESCUE

FROM A LIFE BURDENED WITH PAIN
AND SUFFERING.
Languor, Severe Headaches and Pains
in the Region of the Kidneys Made
the Life of Mrs. McCause Miserable—
Dr. Williams' Pink Pills
Cured after other Medicines Failed
From the Gravenhurst Banner.

Poor health is an affliction that is dreaded
by every one, and the first sign of approach-
ing disease is usually met with an attempt on
the part of the patient to check and kill it.
Frequently, however, even the most skilled
physicians fail, and the sufferer endures a
weary round of agony such as those who
are in the full enjoyment of health can have
no conception of. But when at last a medi-
cine is found that will cure its worst cannot
be estimated in dollars and cents. It is
without price. Such is the opinion of Mr.
and Mrs. Hugh McCause, of Ashdown, Ont.
Mr. McCause tells the story of his wife's
illness and cure as follows:—"For three or
four years past my wife had been constantly
failing in health. The first symptoms of
her trouble were languor and loss of appet-
ite, accompanied by bearing down pains
and headache, which affected her periodi-
cally. As time grew on she was attacked
with pains in the region of her kidneys that
became almost unbearable owing to their
severity. Home remedies and different medi-
cines were tried with no good results. Last
winter she grew so weak and helpless that I
was obliged to seek medical aid for her, and
accordingly sent her out to Barrie, where
she received the best medical attention, the
result of which was only slightly beneficial.
On her return, owing no doubt to the
tediousness of the journey, she suffered from
a relapse and her trouble came back in a
form more aggravated than before. I
noticed in a paper which I was reading one
day a testimonial from one who had been
cured of a similar trouble, and although
knowing that other remedies had failed in
my poor suffering wife's case, there was yet
a ray of hope. I therefore procured a few
boxes of Dr. Williams' Pink Pills and on
my return home administered the first dose
to my wife. It is perhaps needless to relate
that before the first supply was exhausted she
found great relief. My wife now com-
menced to enjoy a buoyancy of spirits and
kept on taking the Pink Pills with increasing
good results. By the time she had used six
boxes her condition had so improved that
her neighbors were almost prepared to
believe the evidence of their own eyes when
seeing the change in her appearance. Before
taking the pills it was a severe task even to
dress herself, much less to do any house-
work, while now, although not having used
any of the pills for more than a couple of
months, she attends to all her household
duties without the slightest inconvenience.
Faking all things into consideration, I feel
it a duty I owe to other sufferers to recom-
mend these little pink messengers of health
which stood between my well nigh
distracted wife and the jaws of a lingering
but certain death."
The experience of years has proved that
there is absolutely no disease due to a
vitiated condition of the blood or shattered
nerves that Dr. Williams' Pink Pills will
not promptly cure, and those who are
suffering from such troubles would avoid
much misery and save money by promptly
resorting to this treatment. Get the genu-
ine Pink Pills every time and do not be
persuaded to take an imitation or some
other remedy from a dealer who for the
sake of the extra profit to himself, may say
it is "just as good." Dr. Williams' Pink
Pills cure when other medicines fail.

second partition, through which the
hen emerges from the nest when her
egg is laid, thus coming out into an-
other pen. In reality, two full parti-
tions are not needed, the second parti-
tion coming up from the floor a few
inches above the opening, and that
only for the length of the box or nest.
The nest must then, of course, have
a cover, which may be hinged and the
eggs thus gathered. The weight at-
tached to the arms must be just heavy
enough to bring the nest—with more
or less eggs in it—back to its natural
position at the upper opening. The
longer the arms, the less inclined will
be the floor of the nest, as it sinks
under the weight of the hen. Let the
bottom of the nest strike a little spiral
spring as it comes to rest, if you
would avoid even a slight jar.

Two rooms are not needed for using
such a nest. One can fence off with
wire netting a corner of the hen house,
making only enough of the partition
of boards to hold the nest on its pivot,
and to afford an opening into it. The
hens as they lay will come out into
this enclosure, where they can be oc-
cupied with scratching for grain in lit-
ter or the enclosure may open out into
a yard, from which the hens can be
released at night, after a record has
been made of the day's layers.

To make this an easy matter the
hens must be marked in some way so
that they can be instantly distinguish-
ed and recorded. Perhaps the easiest
way to do this is to paint a number on
the backs of the hens, using a dark
paint for white, or light-colored hens,
and a light-colored paint for dark hens.
With this method in operation the
drones in the flock can soon be culled
out and sent to the frying-pan or mar-
ket, when the net profits from the flock
will very materially increase.

But this is not the whole of the story.
By following such a plan as I have out-
lined, one will be able to pick out the
three or four really wonderful layers
which many flocks will be found to con-
tain, and to save the eggs from these
hens for hatching. If this practice is

FIG. 2.—PARTITIONS.

followed year after year, the average
laying quality of the whole flock will
be constantly growing higher.
Where a large business is made of
producing eggs for market, this course
is of special value, because in the end
it will mean a greatly increased pro-
duct. But even where only a small
flock is kept, there is a satisfaction in
weeding out the poor and in keeping
only the best, even though the matter
of profit may not be of vital concern.—
Webb Donnell, in Country Gentleman.

Horse Phrenology.

Every horse carries an index to his
temper and intelligence in his face. The
teachable, tractable animal is broad
and flat between the eyes; the bony
ridge of his face dishes slightly from
the point where the face narrows to-
ward the nostrils. His ears are well
set, sensitive and far apart, with a
well-defined ridge of bone extending
across the top of the head between
them. Always feel for this ridge in
judging a horse. The eye should be
large, clear and bright, with a promi-
nent ridge of bone along the inner or
upper edge of the socket.

Don't daily with rheumatism. Purify
your blood and cure it at once by taking a
course of Hood's Sarsaparilla.

Tobacco Heart. Much heart and nerve
weakness is caused by undue use of tea, coffee,
or tobacco; palpitation, nervousness, irritability,
excitability, lack of confidence, etc., are sure
symptoms. Hubbard's Heart and Nerve Pills
bring ready relief by steadying the nerves and
regulating the heart. They are a true heart and
nerve food.

ALL DRUGGISTS RECOMMEND AND

SOCIETY'S LATEST.

THOUGHT PHOTOGRAPHY HAS BE-
COME THE SCIENTIFIC FAD.

The Results of Experiments of Dr. Bara-
duc, as Found in His Report to the
Academy of Medicine, the Basis—
What They Are.

A new fad has seized upon society.
Thought photography clubs have been
formed with surprising and sometimes
startling results. By fixing the gaze
upon an undeveloped photographic
plate or even holding these plates in
the hands, figures of persons and forms
of a very extraordinary character have
been produced when these plates were
developed. The facts in the matter are
well substantiated.

This is far and away more interest-
ing than palmistry and crystal-gazing.
A brilliant society woman who is up to
date in everything, including the latest
scientific discoveries, reflected that if
Dr. Baraduc, the Parisian electro-thera-
peutist, could obtain these pictures and
astonish the French Academy of Medi-
cine with them, she ought to be able
to do the same, since the method was
simplicity itself, and the cost not worth
considering, nothing more being neces-
sary than a box of plates and from
two to a dozen people who were cap-
able of concentrating their thoughts
on a given person or subject for a few
minutes.

Inviting a few trusted friends, a circle
was formed and a box containing
four unopened plates placed in the center.
The results were astonishing
when the plates were developed. She
was an amateur photographer herself
and did the developing. Luminous pic-
tures made their appearance. On the
top plate no distinct form was visible,
but in the shadowy outlines various
ures and faces could be discerned by
a lively imagination. On the next plate,
however, there was a well-defined fin-
ger shape, across which lay a light
figure that might be held to resemble
a female. But the really startling re-
sult was the pictures which developed
themselves on the two middle plates.
On these were distinct faces, recogniz-
ed by members of the circle as perfect
pictures of living friends they had held

We hear a great deal about
purifying the blood. The
way to purify it is to enrich
it. Blood is not a simple
fluid like water. It is made
up of minute bodies and
when these are deficient, the
blood lacks the life-giving
principle. Scott's Emulsion is
not a mere blood purifier. It
actually increases the number
of the red corpuscles in the
blood and changes unhealthy
action into health.

If you want to learn more
of it we have a book, which
tells the story in simple words.

SCOTT & BOWNE, Belleville, Ont.

A SUCCESSFUL RUSE.

He Might Have Trusted the Woman to
Succeed in This.

"Why don't women buy their hats as
men do? Now, there's a derby that
only cost me a couple of dollars and I
will wear it for two seasons," and
Chauncey Smith took off a neat hat
and handed it to his wife.

"That is your privilege," she respon-
ded "do you wish me to wear a hat
like yours? They are all the style."

"No; I mean a feminine affair: with
lace and ribbons. Something that com-
pares in price with mine. You let
your milliners swamp you with their
ideas and expenditures. Be original
and make your own hats and buy
other things with the money saved."

"I am willing to try," said his wife
pleasantly.

"That's right, Lottie. You know a
man doesn't know anything about a
woman's hat. It is the face under the
hat that appeals to us," and, lighting
a cigar he swaggered off.

A day or two afterward business
called Chauncey out on the avenue. He

CASTORIA.

The fac-simile signature of *Chas. H. Fletcher* is on every wrapper

pictures of living friends they had called to mind. In one case the photograph was that of a brother who had been lost at sea. All the plates had pictures, but some were positives and others were negatives. Two had to be transformed to a lantern-slide before they could be printed from.

The thing was a success, and now society has a fad that it will not tire of for some time to come.

How is this photography accomplished? Dr. Baraduc's explanation is that every human being has the power of expressing conscious or unconscious thought exteriorly. He believes that a mysterious, impalpable force resides in and emanates from the human body. In the sphere formed about us by this vital emanation our thoughts create forms which the sensitive plate seizes upon and retains. The discovery of the Roentgen rays was a preparation for this statement. Dr. Baraduc has proved his statement in regard to the existence of this luminous radiation by his magnetometers and by photographs, over 300 of which he reproduced in his report read before the Academy of Medicine, "The Photography of Thought." The society women must be well up in this knowledge and know that the magnetometers are small dials marked off with 360 degrees. Over the surface of each dial moves a fine needle as carefully balanced and as free as possible. The dial is protected from all exterior influences by a glass globe. Not a breath of air can move the hands. These, moreover, are of especially prepared copper and are not subject to magnetism.

The investigator points both hands toward the magnetometers and watches what follows. In about two minutes, if he or she is of normal temperature, he sees the needle nearest his left hand move away from zero so far as degree 5. It is repelled. At the same time the needle nearest the right hand is attracted 15 degrees. It moves toward the fingers of the right hand. The existence of the vital force is next demonstrated in a more definite manner. All light is excluded from the parlor or laboratory, and a photographic plate is interposed between the hands and the magnetometers. Under these conditions the nitrate of silver of the plate is incapable, according to all previous experience, of receiving any impression except by actually touching some substance. It would remain intact for an indefinite period. But here Dr. Baraduc's vital force comes into play. When the plates are developed in a bath by the members of the thought-photography club, it is found that the one which was nearest the left hand has received one impression and that which was nearest the right another. It, therefore, seems that the vital force has not only penetrated the glass, but is luminous.

The photograph proves it, and the skeptical may, with the greatest ease, make tests for themselves.

Dr. Baraduc calls the vital force given out on the left side the "expir" and that attracted on the right side the "aspir."

The experiment has been repeated 300 times, and in every case the photographic plate has shown an impression.

The members of the club are instructed that it is to be noted that while the left side exerts only five degrees of force, the right absorbs fifteen. There remains a difference of ten degrees accumulated in the system. This, according to Dr. Baraduc, is psychic force, which can be exerted on external objects by the will.

This brings us to the most important part of the experiments. The magnetometers are taken away and a society man places himself in front of a fresh photographic plate. He extends his hands in the direction of the plate and is requested to think of some one particular thing with all the energy and concentration of mind of which he is capable.

At the end of a period which varies from two minutes to two hours the plate is impressed by a sort of luminous cloud, in which the outlines of certain objects can be discerned. These vary in distinctness, according to the character of the thinker, and can only be expected to appear when he has fixed his mind on some concrete and clearly defined subject.

The kind of thought photograph most easy to produce is a likeness of

called Chauncey out on the avenue. He saw some pretty girls in Gainsborough hats, who were friends of his wife. They were pretty, but he knew they had always been outflanked by Little, and it gave him a pleasant thrill of satisfaction. Then he saw a dowdy-looking girl approaching, and he looked at her with a mental shock.

"Why will women get themselves up in such a frightful shape? I daresay that poor thing would be passably good-looking if she were stylishly dressed. Good heavens! Lottie?"

"I made it myself," said Lottie, as she chortled past him, leaving him the picture of mortification and dismay.

"You see," she explained at supper, that evening, "millinery is a profession I never learned, and I haven't millinery fingers naturally, as a very few women have. But what is wrong with my hat?"

"It's simply frightful, that's all."

"I made it for a song."

"I should think it came nearer being a nightmare."

"So do I," said his wife decidedly. "A milliner studies the features of her customers and makes hats to suit them and the effect is harmonious. My effort made a fright of me, and I can never improve. Making hats isn't my forte."

"Have one made to-morrow and send the bill to me. I hope you didn't see any of our friends on the avenue."

"Oh," said Lottie, demurely, "none of them recognized me in that hat."

Not on Her List.

He was no sooner seated in the cosy parlor than she took the initiative.

"Since you proposed to me last week I have given the matter a great deal of thought, Mr. Chumpley."

"Mr. Chumpley? Why, you called me Bertie, for ages."

"That's neither here nor there. I have concluded that I must decline the great honor you have proffered me."

"Ah! Certainly. But you must pardon me for not understanding just what you refer to. I have so much to think of in a social way, you know."

"But you must recall the last conversation you had with me."

"Deuced stupid of me, Mamie, but it has slipped my memory. Something about the horse show?"

"Never mind, Mr. Chumpley. Don't incur the risk of overtaxing your mind in trying to recall our little talk."

"So sorry! But a fellow will forget some things. Must do it, you know, if you're in the whirl. Can't you just give me a hint?"

"It is of no consequence at all, sir. I only have a vague recollection of the conversation myself. But I'm not feeling well, Mr. Chumpley, and must ask you to excuse me for the evening."

"Too bad! And you look in brilliant health. Only temporary indisposition, of course. But I'll not detain you. I'm going straight home and cudgel my brain till I bring back that talk."

"Do nothing of the kind. I never want to hear of it again."

When he was gone she acknowledged to herself that there was much more to him than she had suspected and that he had decidedly given her the worst of their little sparring match.

Chumpley walked down the street chuckling and congratulating himself. She always boasted gleefully of the men whom she had refused, but he had no fear that she would add him to the list.

His Rejoinder.

"Do you consider Smitherton a dishonest man?"

"Well, I should think it would make him blush to look at an upright piano." —Chicago Record.

"D. & L." MENTHOL PLASTER

I have prescribed Menthol Plaster in a number of cases of neuralgic and rheumatic pain, and am very much pleased with the effects and character of the application.

I have used Menthol Plaster in several cases of muscular rheumatism, and find in every case that it gives almost instant and permanent relief.

A WOMAN BEAUTIFUL.

SHE SUBMITS TO SCOURGING TO ATTAIN THIS DESIRED RESULT.

The Tools With Which It Is Done and the Modus Operandi—The Effects in Detail in a Progressive Sort of Way—What is Accomplished.

They literally beat women in some of the continental cities now—some with rattans. And the women submit to it voluntarily. It's the new muscle-beating fad—a fad by which women who are passees, who have be-

SCOURGING A WOMAN WITH RATTANS come physically played out by late nights and bad food and fast living generally may be rejuvenated, rehabilitated, with color in their pale cheeks and elasticity in their step.

It has just reached this country and the strictly up-to-date society woman is taking her daily muscle beating religiously.

In muscle beating a woman has to go through about the same treatment as criminals of old did in the days when the knout was used.

The patient is undressed and laid face downward on a couch. Then the beating begins. An attendant is armed with an implement consisting of a rubber ball attached to a flexible rattan or whalebone handle, which bends with the force of the blow, and has the elasticity of a coach whip.

With this instrument of torture the beater first brings down the rubber ball on the thick and fleshy muscles of the back. These being the most important muscles treated by the new process, the whipping goes on with enthusiasm until the beater is tired and the beaten ready to offer a bribe for a cessation of treatment.

Leaving for awhile the shoulder muscles, the beater then attacks the lower anatomy of the patient, taking the muscles around the waist and beating a tattoo from side to side, until the red blood is forced to the surface and sent surging through the veins.

Then the hips come in for punishment. The tune of the rubber balls is played with renewed force, for here the blows can be administered as heavily as is compatible with the feelings of the patient, without any fear of the punishment being dangerous. Having hammered the patient's hip muscles into a state of abject submission the attendant then travels along to the thighs and calves, administering such a flagellation with the two light weapons as only confirmed faddists would be willing to submit to.

By this time the muscles of the back have recovered their wonted composure. Having beaten the faddist muscles of the back into life and vigor again, the woman under treatment is then placed on her back, and the muscles of the chest and stomach come in for a rain of blows from the merciless rubber balls.

When the beating is done by an accomplished hand it produces the most beneficial and pleasant results. Ordinary massage treatment is not in it with the drumstick method of muscle beating. There is as much difference between the benefits produced as between those that follow genuine gymnastic exercise and ordinary hand massage.

The impurities that have clogged the system and rendered the patient languid

Their names are in the paper every day in the obituary column. The names of men killed by neglect of their health combined with overwork. They should serve as a warning to others who are fast following in their footsteps. No man can stand the strain of modern business competition who willfully neglects his health. It is not good policy to overwork, but the man who looks after his health can stand a great deal of it. The man who neglects his health is soon unfitted for work. When a man's digestion is disordered and his bowels are irregular, his blood becomes impure and the body is badly nourished. The victim of these conditions suffers from brain fog, nervous prostration, and debility, and eventually falls a victim to consumption.

Dr. Pierce's Golden Medical Discovery corrects the digestion, invigorates the liver, improves the appetite and regulates the bowels. It is the best blood-purifier, blood-maker, flesh-builder, and nerve tonic. It makes a man well, strong, clear-headed and fit for business. It enables him to stand a reasonable amount of overwork. All good druggists sell it. There's nothing 'just as good.'

Chas. Faulhaber, of Brownlee, Cherry Co., Neb., writes: "I have used Dr. Pierce's medicine, especially the 'Golden Medical Discovery' with much benefit. Some time ago I was troubled with great distress in my arms and hands. It got so bad I could not sleep at night. I thought it was the muscles of my arms that caused the trouble. I began taking the 'Golden Medical Discovery.' Soon I felt a decided improvement, and before I had taken the second bottle the aching was all gone, and it has not returned. I have a copy of your 'Common Sense Medical Adviser' and would not do without it for any money."

Knowing how to take care of health is half the battle against illness. Dr. Pierce's great book, "Common Sense Medical Adviser" is the educator of the age. This book reached a sale of 650,000 copies at \$1.50 each. Within its 1,008 pages is compressed the best that Dr. Pierce has gathered by study and practice in thirty years. It is illustrated with over 300 drawings, some of them colored. Its 90 pages addressed exclusively to women are worth the original price of the book. A new edition in paper covers is now ready for free distribution. By sending 31 cents in one-cent stamps, to pay for customs and mailing, you will receive this great book. For cloth binding, send 50 stamps. Address: World's Dispensary Medical Association, Buffalo, N. Y.

Not That Kind of Ties.

"That young actor we met last wintah, don't you know, must have a very large assortment of neckweath."

"Why do you think so, Chawlie?"

"Because when I awaked Clarence Brown about him Clarence said he was out West counting ties!"—Cleveland Plain Dealer.

She Was Ironical.
"How much better it is," remarked Mr. Lalzalong, "to own a house than to rent one."
"I suppose it's better in some ways," his wife answered.
"Why, there isn't the slightest doubt of it. Whenever your house gets out of repair you don't have to go down on your knees to get the landlord to fix it."
"I suppose there is a good deal of comfort in that. If you own the house yourself, you don't feel that there's anybody else responsible, and you can go ahead and let things get out of repair and stay that way as long as you feel like it, and never worry a bit."—Washington Star.

Something to Lick.

"Henry!"
"Yes, your excellency."
"The Cubans have issued a set of postage stamps. You have noticed something about it in the public prints."
"I have, sire."
"I suppose Weyler is glad those stamps have been issued."
"May I inquire why, your excellency?"
"Well, he can lick them, you know."—Pittsburg Chronicle-Telegraph.

An Unchanged Opinion.

"You may call Mr. Biggles egotistic and conceited, if you choose," she said, "but there's one trait I admire in him. He always gives his wife credit for possessing excellent judgment. I don't think that's very egotistical."
"Yes, it is," her husband replied.
"He does that because she selected him when she married."

Desperate Wager.

"If you haven't been takin' a bath, I'll eat my hat," declared Mr. Weary Watkins.
"Guess I'll have to own up," assented Mr. Dismal Dawson.
"What d'ye mean by it?"
"Election bet; that's all."—Indianapolis Journal.

Suspicious Circumstances.

"Yawpey, what makes you think that the young lady who just applied for the place is not an expert typewriter?"
"Because she spelled correctly every word that I put to her."

X-Rays

Of severest trial and test prove in regard to Hood's Sarsaparilla

1st, Greatest Merit

Secured by a peculiar Combination, Proportion and Process unknown to others—which naturally and actually produces

2d, Greatest Cures

Shown by thousands of honest, voluntary testimonials—which naturally and actually produce

3d, Greatest Sales

According to the statements of druggists all over the country. In these three points Hood's Sarsaparilla is peculiar to itself.

Hood's Sarsaparilla

Is the best—It's the One True Blood Purifier. Hood's Pills are the only pills to take with Hood's Sarsaparilla.

An old lady who was praising the Thames scenery said to Whistler, "The whole trip along the river was like a series of your superb etchings."
"Yes," he replied, "nature is creeping up."—London Figaro.

Tired of It.

She—"Would you love me just the same, dearest, if I were poor instead of worth a million?"
He—"I have registered a solemn vow never to discuss the financial question again."

A Professional.

"Sharply tells me he has never found any trouble in raising money when he wants it."
"The fellow uses the right word. He is an expert check raiser."

An Easy Arrangement.

"What in the world have you been marrying for?" asked Callow's stern father; "you can't support a wife."
"Nobody said I could. But I got a wife that can support me."

When I was Well. While I was Sick. And Now I am Well Again.

MR. MAXWELL JOHNSTON

One of the Best Known Printers in Canada,

Tells the story of his terrible sufferings, and gives an account of his rescue from the Jaws of Death.

Probably no one is better known to the printing trade of Canada than Max-

I consider myself perfectly cured and feel strong and well. My weight when

John Stornont, Esq.

HEATING THE BACK.

gaid and half-lifeless are beaten into action and forced along to where they can be thrown off. The flabby and almost helpless muscles respond to the energetic hammering of the rubber balls and become hard and useful once more. The blood, the great nourishing factor in the human system, is beaten into activity where it has been sluggish, and the whole system is revived.

Sufferers from feeble muscular power who have tried the new muscle beating fad are unanimous in declaring it to be superior to the old massage treatment in every way, and it is probable that the system of hand massage will soon give place to the flagellating idea.

The implements used are not all made alike. Some have two and three balls attached to the flexible rod, and these balls may be of any size that the patient prefers.

Another flagellating implement consists of a number of hollow rubber tubes attached to a handle, making an implement like a whitewash brush. The treatment with this implement is much severer than with the drumstick muscle beater, as the action is more like a cat-o'-nine-tails thrashing than a gentle hammering.

A Bicycle Girl's Gloves.

Castor gloves for the cold weather bicycle girl are lined with fleece. They come in two shades of gray, in brown and in tan, and are warranted to stand bravely an unusual amount of hard wear.

& Co., 72 Bay street, Toronto. His many years of experience have acquainted him with almost every person in the entire trade. To many of his friends it has been known that he has suffered during very severe illness the past year, and in regard to the same Mr. Johnston writes the following letter:—

TORONTO, Dec. 3, 1896.

MESSRS. T. MILBURN & CO.:

DEAR SIR,—For over ten months I suffered from dropsy, caused by kidney trouble which followed an attack of la grippe. The symptoms rapidly became serious and medical aid was called in. Among others who were consulted were Dr. Wallace, Dr. Norman Allen, Dr. Weir and Dr. Glass, all of this city, and I can truly state that they made every effort that medical skill could provide. Seven operations were performed within six months, during which time I visited at different periods for the purpose of these operations the following hospitals, viz: The Toronto General Hospital, St. Michael's Hospital and Grace Hospital. Although all that could be done for me was faithfully and skillfully performed, I received only temporary relief, the operations only serving to remove the enormous quantities of water which constantly accumulated. As a matter of fact, 17 gallons of water were removed during the last two operations. After the last operation I was given up to die and was given only six to twelve days to live.

In addition to the best medical skill which money could procure, I used all kinds of patent medicines which promised relief, but without effect. All the family remedies suggested, such as Milkweed Tea, Pumpkin Seed Tea, Mullen Leaf Tea, Spanish Onion Tea, Sweet Nitre and Buchu, etc., were faithfully tried but gave not the slightest relief, so that I had lost all hope, when I was persuaded to try Doan's Kidney Pills, together with Laxa Liver Pills. To my surprise I received almost immediate relief. At this time I was unable to lie down and for three and a half months previously was forced to sleep in a chair. My waist measure was then 49 inches; it is now 33 inches since the wonderful cure made by these pills.

the operations I was reduced to 130. I weigh now 160. By carefully watching the action of Doan's Pills and Laxa Liver Pills I am positive that to them alone is due the wonderful cure which has taken place in my case.

I am a printer by trade and have held positions in the offices of *The Globe*, *Mail*, *Methodist Book Room*, etc., as well as in Ohio and Detroit, Mich., and have been an employing printer since 1877.

Although it may seem incredible, every word I have stated is the truth, and I am prepared to back it by the evidence of hundreds of citizens and friends who know me before I was sick and afterwards, while I was near death's door, and who now, to their surprise, see me restored to complete health by the use of Doan's Kidney Pills, assisted by Laxa Liver Pills. I shall be glad to answer inquiries from sufferers from kidney or liver troubles at any time, and refer to the following gentlemen who have knowledge of the facts, and can verify every word I say. Many of these gentlemen knew me before my sickness, during my terrible sufferings, and since I was restored to health. My testimony is given voluntarily and without any consideration of any kind, either directly or indirectly. I give it solely for the benefit of my fellow beings who may be afflicted with Dropsy or Kidney troubles of any kind, viz:—

R. F. Fleming, Esq., Mayor of Toronto.

E. F. Clarke, Esq., M.P., ex-Mayor.

NEW PHOTOGRAPHY.

A Method Dispensing With Chemicals and the Dark Room.

From Paris, the origin of so many art sensations, comes the news of an entirely new or novel method of photography in which chemicals and the dark room are dispensed with and the whole process greatly simplified. Artigue, the noted Parisian artist, is the patentee of the process. The printing paper he uses is covered with a gelatinous substance, which has the property of becoming indissoluble if exposed to light in proportion to the amount of light which is allowed to act upon it. The sensitized sheet is placed in a printing frame under the negative in the usual way, the exposure taking place under artificial light and for a few seconds only. The operator has no way of telling when the print has been sufficiently exposed, experience being the only guide, as the picture will not show until development.

The method of bringing out and finishing the picture is very curious as compared with the old methods. Two or three quarts of sawdust are mixed into a fluid mass with a sufficient quantity of warm water, maintaining the temperature at about eighty degrees Fahrenheit. The exposed print is first dipped into cold water to make it soft, and is then fastened by means of clamps to a plate of plain glass. A portion of the sawdust mixture is then poured over the print. The picture comes out slowly if the exposure has been properly made. If the picture appears too fast it is a sign that it has been over-exposed, and a cooler

mixture must be quickly taken and poured over the picture to retard development and save it definitely. If the picture should come out too slow the opposite process is observed, raising the temperature of the sawdust mixture as high as eighty-five degrees. When the print is strong and clear enough it is simply placed in cold water to wash off every trace of bichromate, and it may then be immediately mounted upon cardboard. These prints are of a mellow black color, and it is said will never fade or deteriorate. The greatest advantage in using this kind of paper for printing photographs is the fact that no chemicals of any description except the bichromate are used. And as paper sensitized with bichromate may be carried along and used for a long time, there is no necessity for carrying even that chemical; and the sawdust, of course, can be procured anywhere.

Even With the Old Man.

Testy Old Gent—"Huh! Do you think you can support my daughter in the style to which she has been accustomed?"

Young Suitor—"Well, no; but I can support her in the style to which her mother was accustomed for a good many years after she married you."

Old Gent (subdued)—"Take her, my son, and be happy."—New York Weekly.

What She Did.

Maud—What do you do when a man man persists in asking for a dance, and you don't care to dance with him?

Marie—Tell him my card is full.

Maud—But supposing it isn't, and he still persists?

Marie—Then I insist that it is, and let him see that it isn't.—Pearson's

One Form of Genius.

Mrs. Brown—"George, you are a born diplomat."

Brown—"What makes you think so?"

Mrs. Brown—"The way you manage to conceal your opinions of other people's charms."—Brooklyn Life.

The Napanee Express

NAPANEE, FRIDAY, JAN. 15, 1897.

All local reading notices or notices announcing entertainments at which a fee is charged for admission, will be charged 5c per line for each insertion, if in ordinary type. In black type the price will be 10c per line each insertion.

A torpid liver means a torpid brain. Stop medicine pills and dyspeptic cures in particular. Change your diet drink Madden's Cereal instead of tea and coffee. One month will cure your case. Cereal is cheaper than tea and coffee. 3tf

The Renfrew Mercury is opposed to canvassing for municipal preferment, and advises its readers to smite with an anti-ballot the man who asks for votes. It argues that canvassing sinks the applicants own freedom, keeps good men from public office, and develops what in Boston is called alumnous prevarication, that is, the white lie.

Jan., 1897, at 1 o'clock p.m. sharp! A full attendance is requested. Dr. Miss, Sec'y.

An Aged Resident.

Jno. Gunn, Deseronto Road, aged about 90 years, crossed the Great Divide on Thursday. Deceased was well-known throughout the county and was a successful farmer.

Call at Lawson's.

Meat market for prime western beef bought at Toronto market last week, also choice spring Lamb, Mutton, Veal and Pork. Beefsteak 3 lbs. for 25c. 3 lbs. of Pork Chop 25c. Stewing Beef 1c. Roast from 6c. up.

You are Invited.

PARISH OF ADOLPHUSTOWN—The annual missionary meetings will be held as follows St. Alban's, Adolphustown, Wed. Jan. 20th St. Jude's, Gosport, Thursday Jan. 21st. St. Paul, Sandhurst, Friday Jan. 22nd, all at 7:30 p.m., deputation Rev. F. D. Woodcock, Camden East, and Rev. W. G. Swayne, Selby.

Death of Mrs. Granger.

Mrs. Artemus Granger, a kindly and much respected lady died at the residence of her daughter, Mrs. Peter McPherson, Camden township, on Thursday, aged 81 years. Besides the daughter mentioned she leaves three sons, Artemus, of Minnesota, John of the homestead, and Marshal of Napanee Mills, to mourn the loss of a loving mother. The funeral will take place from the church at Napanee Mills to the Napanee cemetery on Saturday.

A Novel Birthday Party.

A pretty and novel little birthday party was given by Miss Helen Herrington in honor of her seventh birthday to twenty-two of her little friends on Friday afternoon last. It was held in the Kindergarten class room and was one of the most pronounced and enjoyable successes of the season. The cakes and edibles provided were excellent and a constant revelation to the children. The girls were constantly running across dolls in their cakes, while the boys discovered marbles, etc. in theirs.

Chunks hewed from the prices of men's goods at Radford & Son's great going out of business sale. Men's \$5.00 made to order trousers for \$2.80

Methodist Church will be held at Newburgh on Monday Feb. 8th, 1897. The secretary of the bay of Quinte Conference Epworth League the Rev. C. W. Watch, Brighton, will be with us. Let me again remind each society of the necessity of appointing one to propose and to hand in an accurate report of the present state and the work done during past year. The report should include names, officials, statistics, departments organized, reading course in operation, numbers of convention etc. Do not forget the general Epworth League fund collection, send it or hand it to Rev. R. McCulloch before the convention. I have not had time this year to write to all personally whose names appear on the programme but I trust you will accept my explanation and fulfil your part or procure a good substitute. Let the junior societies send in reports, there was nothing more interesting at our convention last year than the junior reports. Yours sincerely, W. G. Clarke, Sec'y. Colebrook Jan. 9th, 1897.

Parish of Bath.

The Annual Sunday School entertainment came off in the town hall on Friday evening 8th Jan. and was well patronized every seat being filled. A part of the programme was furnished by the children themselves, who gave a few recitations and two choruses which were nicely rendered. The rest of the evening was taken up by Mr. W. T. Hodge with his wonderful performances in magic and ventriloquism, aided by his very clever little son Herbert. Mr. Hodge is always received well here, but this time was liked better than ever, partly because of his new attraction, "The Marionette Theatre," which is a marvel in its way and most mirth-provoking, and partly because of the assistance Master Herbert afforded him, who though only 9 years old, is an expert already in bone-playing, ventriloquism and the magic art. The proceedings closed with the presentation of the gifts and prizes to the children, some sixty in all. The prize winners in the seven classes were as follows: 1st class, Alice McCaugherty; 2nd, class, Bertha Brunnie; 3rd, class, George Parks; 4th class, Earl Trimlett; 5th class, Lester McCaugherty; 6th class, Letta McCaugherty; 7th class, Bert Trimlett. From the above it will be seen that three children of Mr. A. McCaugherty earned the distinction of being at the head of their respective classes. In the number of marks Letta stands 1st, Lester 2nd, Bert, Trimlett 3rd.

guaranteed to all. Remember no charge for testing. Smith's Jewelry Store.

We Can Give Positions

To persons of all grades of ability. Agents, book-keepers, clerks, farmers' sons, lawyers, mechanics, physicians, preachers, students, married and single women, widow. the following officers for the ensuing year:
Captain, S. Lindsay; first-lieutenant, R.
Solmes; s.c., J. Frisken; treas., E. Mc-
Cabe; 1st branchmen, G. Lewis, A. Briggs,
T. Richardson, J. Bennett, S. Meeks, W.

IN THE REALMS OF SPORT.

A DECISIVE VICTORY.

The first of the league games for the
Corby cup was the greatest kind of "pie"
for the Napanee Hockey Club. On Friday
evening our boys met the Deseronto ag-
gregation at the Napanee Curling and skating
rink and worsted them to the tune of 13
goals to 0. It was an awful beating but
the Deseronto boys took their defeat good
naturedly and feel confident that with a
little more practice and a few alterations
in the personnel of the team, they will be
able to make a better showing when they
again cross sticks with Napanee. Shortly

for the Corby Cup, Belleville defeated
Picton by 12 goals to 1.
Belleville and Napanee will struggle for
glory and the Corby Cup at the Napanee
skating rink on Monday evening next.
Considerable interest centres around this
match as in all likelihood the possession of
the cup lies between the above teams. We
will be able to draw a line on the winner
after Monday night.
Peterboro, last year's intermediate cham-
pions, were to play the Napanee hockey
team at the Napanee rink this evening,
but late Thursday word was received that
the team could not come. Therefore the
Collegiate Institute will play the town

Church of England

S. MARY MAGDALENE—Church of S. Mary
Magdalene, Napanee. Services at 11 a. m.
and 7 p. m., each Sunday. Holy Com-
munion at 11 a. m., on 1 and 111 Sundays
of the month, and at 8 a. m. on all other
Sundays. Strangers supplied with leaflet
having service printed in full at evening
services.
PARISH OF CAMDEN—Sunday next the
annual missionary meetings will be held
as follows: St. Luke, Camden East, 1
o'clock; Holy Communion 8 o'clock; St.

Hall; hose director, J. Woodcock; axmen, H. Hunter, T. Huffman, T. McGee.

Death of an Old Resident.

One by one the old residents of this locality are dropping off, the latest addition to the ranks of those who have gone before being Mrs. Wm. R. Sills, who passed away at the residence of her son, Mr. E. R. Sills, 3rd con, Richmond, on Thursday at the ripe old age of 80 years and two months. Deceased was a daughter of the late Henry McCabe and was born in the township of North Fredericksburgh. Her husband preceded her to the grave about 16 months ago. Deceased was much respected and esteemed for her many good qualities and died in the full hope of a glorious resurrection. She leaves three sons, Erasmus R. on the homestead, Ibra B. and U. C. Sills, of Richmond, and one daughter Mrs. James Empey of Switzerland. Two sisters, Mrs. Smith, Hay Bay, and Mrs. Edgar, Camden East, also survive her. The funeral takes place to the Huffman cemetery on Saturday.

Lennox Farmers Institute Meetings

The meetings at Odessa on Jan. 7th, both in the afternoon and evening were well attended and highly successful. At the evening meeting there would be about 200 in attendance. F. Vandebogart, occupied the chair, and Col. McRae, of Guelph, and Nulton Everetts, of Smith's Fall's, handled the subjects chosen for them in an able manner. Discussions followed, led by C. W. Neville and S. D. Clarke, which proved quite interesting and enjoyable. The Sillsville meetings on the 8th inst. brought out a large crowd and passed off very successfully. The residents of Sillsville seem to be taking an active interest in Institute work, as they sent in a lot of new members this year. The meetings at Selby on the 9th were the most successful of the series. At the evening meeting there were about 250 present and had it not been held on a Saturday the attendance would have been much larger. The Selby instrumental quartette, led by Mr. McGuinness gave four excellent selections. Col. McRae and Mr. Everetts delivered interesting addresses, and Mr. J. J. Keator of the Rathbun Company's stock farms, gave a very practical and interesting address on dishorning with acids. A calf was dishorned in the presence of the audience thus affording the speaker every facility of illustrating his subject. Col. McRae was suddenly called home on Sunday owing to the death of his mother, an aged lady of 82 years. Mr. Herchmer Aylsworth, of Deseronto, took Mr. McRae's place at the Sydenham meetings and Mr. Alex. Youvill, of Carleton Place will fill the remainder of the Colonel's engagement in this division.

Only a Few more Days Before Stock taking.

And until that time we will sell the balance of our stock of

AT COST.

D. J. Hogan & SON.

Sole Agents for the Wilkinson Hat.

after 8 p.m. the teams lined up as follows.

NAPANEE.	GOAL.	DESERONTO.
Jno. Ham.	Goal.	F. Prickett
W. Ponton.	Point.	Ed. Gaulin
F. S. Rockwell.	Cover Point.	G. S. Clinton
H. Ward		J. Jamieson
Geo. Harrison		A. Fode
Wm. Rockwell	Forwards	H. Nasmith
C. Trimble		G. Enker

Referee Frank McKeown, Belleville.

The superiority of the Napanee boys was apparent from the start. Their passing and combination work was excellent, and their shots on goal accurate and well timed. The game was too one-sided to be interesting, although at times some heavy checking was indulged in. The puck hardly ever got within shooting distance of the Napanee goal, while Deseronto goal was in jeopardy throughout. Napanee scored 6 goals in the first half and 7 in the second, to say nothing of the goals not allowed. Deseronto, although laboring hard, couldn't succeed in getting the puck down near enough for manager Ham, who stood in the goal patiently and expectantly all evening, to have a chance to warm himself by getting a "swipe" at it.

A SWIFT GAME.

Notwithstanding the inclemency of the weather a large crowd congregated at the rink on Monday evening to witness the Napanee Hockey Club trim the Trenton team to the tune of 5 goals to 0. From the reputation that preceded the Trenton club everyone expected a hard and fast game and no one was disappointed. The match from start to finish was a swift and scientific exposition of the game and the score is no criterion of the respective merits of the teams. Although hard and close checking was indulged in throughout, the game was free from undue roughness and objectionable plays, and both on and off the ice the Trenton aggregation conducted themselves like gentlemen. In response to the referee's whistle the teams lined up as follows:

NAPANEE.	GOAL.	TRENTON.
Jno. Ham.	Goal.	W. Nolan
W. Ponton.	Point.	H. Armstrong
F. S. Rockwell.	Cover point.	Bert McAuley
W. Rockwell.		H. Filson
Geo. Harrison	Forwards	F. Filson
C. Trimble		Geo. Nolan
		H. Moore

Referee: Frank McKeown, Belleville.

The game started amid a blinding snow storm and while it lasted it was extremely difficult to follow the puck. Fortunately the snow ceased about ten minutes after the game started but as it left the ice with about a quarter of an inch of snow on it, the forwards had lots of work mapped out for them during the first half. Napanee assumed the aggressive from the start and the puck was in the immediate vicinity of the Trenton goal throughout the first half. Occasionally the Trenton forwards would capture the puck and make a rush which looked dangerous but they couldn't succeed in passing Napanee's stonewall defence. The first goal was scored by Trimble for Napanee after about 15 minutes play. Harrison followed suit shortly afterwards, and a few minutes before half time W. Rockwell did the trick, this leaving the score 3 to 0 at the end of the first half. During the intermission the ice, which was in an excellent shape, was cleaned of snow, and both sides went to work in vigorous fashion. In the first part of the second half Trenton made it decidedly interesting for Napanee, but when Napanee's plucky forward line settled down they kept the puck hovering around the Trenton goal in an exasperating manner. Shot after shot was rained in upon the Trenton goal keeper in rapid succession, all but two of which the eagle eyed, nimble limbed young man who stands between the posts for Trenton returned with charming sang froid. These were two hot shots sent in by W. Rockwell and the umpire's hand went up on each occasion and the score stood 5 to 0 in Napanee's favor. Napanee's forward line is A No. 1, and by their swift and accurate passing Rockwell, Ward, Harrison and Trimble covered themselves with glory and if they keep on in the good work the Corby Cup will hibernate in Napanee without a doubt. The boys play an excellent combination game and their passing and shooting is marked by rare good judgment. Captain Ferd Rockwell at cover point was a tower of strength and always succeeded in checking his man. There are very few men can pass Ferd and take the puck with them. Ponton at point and Ham in goal had very little to do, but when occasion demanded it they were not found wanting. The Napanee club entertained the Trenton boys to an oyster supper at the Paisley at the conclusion of the match. About 25 sat down to the spread which was gotten up in mine host Douglas' best style. A most enjoyable time was spent by all present, and the Trenton boys are loud in their praise of the treatment accorded them by the Napanee boys.

In the league game at Belleville last week

team. The curlers have got down to work and considerable interest is evinced in the game.

Wm. Waters, Campbellford, fell from a load of hay and broke his neck on Tuesday.

Richard Tripp, Trendinaga, and Clara Gillespie, Plainfield, were married last week.

S. Lafferty moved a barn from Water St. over to his residence on the corner of Mill and Robertson Sts. last week.

Got to go at 9.75, the beautiful made to order suits at \$14.00 at Radford & Son's great going out of business sale.

Hastings County Council has ordered that a suitable medal be made and presented to a lad named Robert Armstrong, for his bravery in rescuing Bryon Mabee from drowning last summer in Chisholm's rapids.

R. A. Shorey has removed his grocery to the store formerly occupied by J. H. Clapp where he hopes to see all his old customers and as many new ones as can favor him with a call.

Mr. Birrell, while stopping at an hotel in Lyn on Saturday assisted in putting out a fire, which caught in the heavy chenille curtains in the sitting room. As a result he is suffering with a very severe burn on the right hand.

A big slice has been taken off the prices of ordered suits at Radford & Son's great going out of business sale. Men's \$12 suits to order for \$8.75.

An exchange which is evidently strongly opposed to profanity says: "Profanity is a relic of barbarism and a gross insult to decency. It places men in the lowest society and robs them of all self respect. It takes neither brains nor common sense to swear, and generally speaking the less the brain the profaner the man." Young and old men who have contracted the disgusting habit of profanity should commit this to memory.

"Liars all," the latest popular song is funny and musical. A sample copy of his 40c song will be sent on receipt of 10c. Address Jules Norman, St Anne De Bellevue, P. Q.

Anthony, Yarker, 8 o'clock; St. John's Newburgh, 7 o'clock, deputations His Honor Judge Wilkinson, G. F. Rutan and Rev. Jas. Robinson, of Carham. St. Jude, Napanee Mills, evening service 7 o'clock.

PARISH OF ADOLPHUSTOWN—English Church Missionary meetings—St. Alban's, Adolphustown, on Wednesday, January 20th; St. Jude's, Gosport, Thursday, 21st inst.; St. Paul's, Sandhurst, on Friday, the 22nd inst., at 7 o'clock p.m. Speakers, R. V. F. D. Woodcock, Camden East, and Rev. W. G. Swaine, of Selby. Collections for the Mission Fund. The public are cordially invited.

PARISH OF ADOLPHUSTOWN—Services next Sunday: Sandhurst, St. Paul's, at 11 o'clock; Adolphustown, St. Alban's, at 3 o'clock; Gosport, St. Jude's, at 7 o'clock.

Mr. George W. Lott has purchased a part of the Vandebogart farm.

Lonsdale was the scene of a destructive fire on the 7th inst. The store of Dennis Hayes was, with all its contents, completely destroyed by fire, together with two adjoining buildings. It is thought that burglars were the cause of the conflagration, and that they gained access to the building at the rear, robbed the till and fired the building. Mr. Hays' loss is placed at \$4,500, with an insurance of \$2,000. Mr. Kimmerly's harness shop was also destroyed.

Hon. Mr. Dryden believes an agreement will be made between Canada and the United States under which the principal records of our pedigreed animals will be accepted by the American Government, giving the animals the right to pass through the lines free of duty, which is not the case in several instances at present.

Mr. Thomas Maloney of Deseronto was married at Napanee on Monday to Miss Sarah Callahan, daughter of Mr. John Callahan, the well-known Deseronto hotel-keeper. The ceremony was performed by R. V. Father Hogan. Mr. Ed. Maloney brother of the groom, supported him, and Mrs. Kate Wilson, of Belleville acted as the bride through the ceremony.
